

Record. 4-14-2026
Brown's Pond Rd. Accident

Vehicle & Traffic Law section 1103(b) exempts the rules of the road to "persons, teams, motor vehicles, and other equipment while actually engaged in work on a highway" with two major caveats.

1. Rules regarding drug and alcohol use are always in effect
2. There is still a duty to work "with due regard for the safety of all persons" and operators are still liable for "the consequences of their reckless disregard for the safety of others."
